Variable Data Information box for online printing - Portugal

```
*PC  □□□□□□□□□□□□□□
*SN  □□□□□□□□□□
 Lot □□□□□□□□□□□□□□
 EXP MM/YYYY
*NN  □□□□□□□□□□□□□□
```

NOTE: The information on Batch number, expiry date and registration number (Lot, Exp and NN), must be captured in the unique identifier (data matrix), but in a human readable format can be placed in a different position (not close to the data matrix code) on the carton.
In situations where the national number is already detailed on the AW the prefix NN does not need to be printed (in human readable format), near the unique identifier/ datamatrix.

* Will be printed only after serialisation go live Keep this section as part of the Artwork in Keyline colour. Variable Data area will be left blank for online printing.
